

Presbytery Meeting Highlights

The Boise Presbytery held its August 18, 2022, stated meeting at Covenant Presbyterian Church, Boise.

Worship focused on Numbers 13-14, with the Israelites poised on the threshold of the Land of Milk & Honey. Rev. Kevin Starcher and Transitional Presbyter/Stated Clerk Rachel Yates led worship and communion, with many other voices enriching our service.

Our Time of Engagement

featured a Mission Fair, with 9 congregations, Presbyterian Women of Boise Presbytery, and the Presbyterian Mission Agency all sharing how they're joining in God's mission to the world. A fierce Scavenger Hunt competition added to the fun. Check out the questions and answers [in the Presbytery newsletter at www.presbyteryofboise.com](#). Congratulations to Boone Memorial, which received \$100 for its domestic violence work after TJ Remaley was the first to turn in a correct answer sheet!

During our **Business** meeting, the Presbytery enrolled Rob Wheeler as an Inquirer to explore a call to ordained ministry, approved two Synod loans for Boone Memorial, and commissioned Rachel Yates (to preside at the Lord's Table in the Presbytery) and Jacquelyn Benjamin (as a Synod Commissioner). We offered our deep gratitude to Dick Green and Kathryn Baker for their service to the Presbytery.

Mission Engagement Advisor Rene Myers, Presbyterian Mission Agency, spoke about the Matthew 25 vision and thanked Boise Presbytery's congregations for their amazing generosity. Almost \$500,000 donated over 10 years!

Your representatives to General Assembly 225 held in June & July, in Louisville, KY, reported out to the Presbytery. They shared what surprised them, the work with which they deeply connected, and what we should be watching as items of business come back to the presbyteries for approval. All agreed that for anyone who doesn't mind "watching the sausage being made," it's a great experience. GA 226 will be held in our backyard, Salt Lake City. The report is available [on our website](#) for you to watch and share.

Katey Schwind Williams & Rachel Yates, 2 of the 3 members of the Synod Task Force, along with Mathew Eardley, gave an update on early conversations with Kendall & Eastern Oregon Presbyteries about possible ministry collaboration. To assess the values important to the Boise Presbytery, we invited participants in the meeting to share their perspectives on a series of questions, and then to play Animal Farm. Early results show we

see ourselves as outward focused and proud of the deep mission engagement of all our congregations, from the smallest to the largest. We are also grateful for our friendships across the Presbytery. Some people even love our polity and doing our work decently and in order!

The Emmett Visioning Team reported that it will explore offers to purchase the former church property.
